10 SEP 1982

MEMORANDUM FOR: Director of Development and Engineering
Director of Research and Development
Director of SIGINT Operations
Director of Technical Service
Director, Foreign Broadcast Information Service
Director, National Photographic Interpretation Center

FROM: [REDACTED] 25X1
Chief, Planning and Resources Staff, DDS&T

SUBJECT: FY83 Appropriation

1. In anticipation of having no FY 1983 appropriation from Congress by 1 October 1982, I believe it would be prudent for each DDS&T component to assess their ability to operate effectively within the constraints of a continuing resolution, i.e., a monthly expenditure rate not to exceed one-twelfth of your FY 1982 budget and no new starts. Specifically, I would like you to:

a. Review your spending plans for your ongoing programs for the first quarter of FY 1983 with an eye toward determining what steps are necessary to continue to ensure effective execution of your program, and

b. Assess the impact of a delay in any new starts contemplated for the first quarter.

2. Please advise me of your findings no later than 30 September so that I may take the appropriate steps to minimize the impact of a continuing resolution on the S&T program.
